

Hopton Wafers Parish Council

**You are invited to a presentation on
PROJECTS TO INCREASE
BIODIVERSITY AND HABITAT
RESTORATION IN HEDGES, VERGES
AND CHURCHYARDS.**

**on
MONDAY 12th September 2022**

at 6.30 pm

in Doddington Village Hall

Ms Janet Cobb will give a presentation on an initiative to raise awareness and engage volunteers in local projects to increase biodiversity and habitat restoration in hedges, verges and churchyards.

Three projects: CPRE Hedgerow Heroes, RSVP Verges Project and CfGA (Caring for God's Acre) ARK project have joined forces this year. They are all funded and 26 churchyard sites are already identified by CfGA for the work including St John's, Doddington.

Please come along and find out more. Everyone is welcome.

The Parish Council's monthly meeting will follow this presentation at 7pm.
